

Staff Induction Policy

Rationale

We at the International School of Morocco feel it is important that all staff should be inducted into the whole school team. We believe staff members who are well supported and confident in their roles will perform more successfully. We aim to provide a suitable welcome for each new member of staff and incorporate them into our team. Such induction will begin as soon as practicable after the appointment. Our philosophy is one of a 'whole school approach' where all members of the school community are valued and respected as individuals and as part of the whole school team. It is important that new staff is welcomed and helped to establish their role within that group, enabling them to grow as individuals as well as team members. It is vital that new staff is given every assistance in settling into school quickly and gain a knowledge and understanding of the philosophy and ethos of the school, the routines and practices that take place, and the way in which the school operates.

In our Induction Program we aim to:
